Index January-December 1984

Administration/Management

The changing roles of the CEO and CFO in health care's executive management team **July** 20
Quality circles—New wave or fad? **July** 34
A new environment demands new management skills **July** 42
The chief financial officer as educator: Expanding the traditional role **October** 46
Choosing a financial adviser **November** 81

Accounting principles and practices

Standard cost accounting: Methods that can be applied to DRG classifications **Jan.** 44
SFAS No. 62. Implications for hospital financial reporting **Feb.** 48
Drug control program used to cut costs **May** 98
Aging criteria for accounts receivable **June** 56
Approaching cost reduction through responsibility centers **Sept.** 20
PERT charts pinpoint problems in accounts receivable management **Sept.** 38
How to evaluate the return on your investment **July** 113
Measurement, feedback & control: A framework for hospital cost management **October** 20

Auditing

Financial accounting and internal control functions pursued by hospital boards **Sept.** 26

Budgeting

Using case-mix information for budgeting **October** 30

Capital formation and management

Capital formation in Washington state: Survey reports on 49 hospital plans **Jan.** 50
Financing strategies for long-term facilities **March** 42
Registration of tax-exempt bonds—a new era **April** 32
Tax-exempt hospital revenue bonds: What are the options in 1984? **April** 40
Capital management: How banks weigh letter of credit requests **April** 48
A technique for hospitals to maintain their competitive edge **April** 50
The financial manager's role in controlling construction costs **April** 68
The capital requirements for long-term care services **April** 84
Taxable or tax-exempt? When financing is the better way **May** 50
The three components of a prospective capital reimbursement system **July** 92
The WACC method of estimating the discount rate **Sept.** 87
For-profit status creates new financing opportunities. **December** 36

Cash management

Cash management: An effective way to plan and budget for available resources **Feb.** 64

Data Processing

The decision to buy application software: What are the choices? **June** 18
How to organize and manage a hospital's information system **June** 44
Improving management technology: Current realities and future expectations **Aug.** 84
Micros in the hospital of tomorrow **Aug.** 20
Providing access to clinical information **Aug.** 26
Microcomputer use comes of age in hospitals **Aug.** 32
One CFO's experience: Infection control analysis by microcomputer **Aug.** 36
The microcomputer alternative: A short-term approach to managing under PPS **Aug.** 40
A microcomputer case study: Saving time and money with microcomputers **Aug.** 52
Reducing materials management costs with microcomputers **Aug.** 56
The microcomputer hardware purchase decision from the user's viewpoint **Aug.** 68
A software vendor's viewpoint: Mistakes healthcare managers make when selecting personal computer software **Aug.** 70
Microcomputers take the challenge of the hospital environment **Aug.** 74
Voice-activated computers aid handicapped **Aug.** 97
Use of Case-mix information in hospital management: An overview and case study **October** 28
Computer user groups: A shared rural hospital experience **November** 76

Employee management and relations

Employee compensation: Profit sharing—incentive for efficiency **Feb.** 24
Disability plans: One plan solves two problems **Feb.** 28
Variance analysis: Using standards to predict required nurse staffing patterns **Sept.** 48
A hepatitis B vaccine program can keep your employees and your budget healthy **Sept.** 34
Group health insurance: Redistribution affects fringe benefit strategies **November** 44
Participation in joint ventures, PPOs and IPAs may threaten pension plans **October** 68

Facilities management

Contracting for management services—Options under PRM 2135 **Feb.** 54
Avoiding problems in hospital-physician joint ventures **Feb.** 88
Reimbursement consequences of transferring out hospital funds during corporate restructuring **March** 68
RFP helps hospital upgrade its telephone system **May** 32
Is your hospital prepared for telephone industry deregulation? **May** 18
Replacing the telephone system—Opportunity to cut costs? **May** 10
Old buildings wear new faces and generate income **November** 20

Financial analysis/modeling

Statistical sampling: Its use in hospital decision making **Jan.** 66
Using FAS in strategic planning **June** 72
Evaluating ICU beds and the use of step-down units **June** 26
Rate of return: A tool to evaluate diversification **December** 28
Hospital diversification strategies: Lessons from other industries **December** 18

Insurance/risk management

The cost of risk: Hospitals beware! **March** 32
FHA mortgage insurance for healthcare providers **October** 52

Management analysis/engineering

Productivity strategies: An internal search for capital **Feb.** 60
Paperless billing—It can work **June** 38
Are you collecting from your collection agent? **June** 74

Marketing and competition

New directions in nursing home and home-health care marketing **May** 62

Material Management

Reducing materials management costs with microcomputers **Aug.** 58

Payment for health services-procedures and issues

Medicare

The response to PPS: Inside, outside, over time **Jan.** 78
Development and interpretation of the diagnosis-related groups (DRGs) **Feb.** 72
How hospital management should respond to Medicare's prospective payment system **March** 72
Medicare payment of hospital capital-related costs **April** 20
Determining a contribution margin for DRG profitability **April** 108
Responding to PPS, Part 4: The outside response **April** 92
Responding to PPS-regulation vs. contract **May** 104
How to live with the Medicare telephone adjustment **May** 44
The Prospective Payment Assessment Commission—Some fundamental questions **July** 54
Hospital reimbursement under Medicare **July** 62
The role of utilization management under PPS **October** 60

Medicaid

How states pay for long-term care facility services under Medicaid **April** 76

Commercial Insurers

Financing long-term care: HIAA evaluation **March** 64

Continued on page 92

Index

from page 91

Long-term care insurance—The edge of an emerging market **March** 53

Self Pay

An incentive payment—Coinsurance health care financing alternative **March** 36

Patient account management

Examine the balance fraction method—Improving receivables management **May** 76
Bold action brings results on long-standing accounts **May** 90

Provider organizations

The long-term care marketplace—an overview **Jan.** 18
Assessing the market for long-term care services **Feb.** 32
The provider reimbursement appeals process: Past, present and future **June** 80
Life care: An industry with unique financial characteristics **July** 76
Life care retirement center: The importance of the entry fee fund **July** 84
Public regulation of nursing homes **October** 76
Long-term care: How major regulations ensure quality care in nursing homes **Sept** 50
Basic financial management for long-term care facilities **November** 62
Provider case studies highlight joint activities in long-term care **Aug.** 78
Long-term care: The Malthusian dilemma **December** 48

Shared Services

Provider case studies highlight joint activities in long-term **Aug.** 78
